

Maximizing Sales and Optimizing Services of a Financial cum Service Based Firm

A BDM Capstone Project by
(Name: Debjit Mondal | Roll No: 23f2004618)

Organizational Background

Unique Enterprise

Type and Services offered: B2C financial and service based firm offered Mutual fund sales, insurance, ITR filing, money transfer, ticket bookings

Current No of Clients: 160+

Main source of revenue: Commission from mutual funds sales

Challenges: Inconsistent mutual fund AUM (Assets Under Management) growth and portfolio misalignment

Problems

Challenges in Maximizing Profit from Mutual Fund Sales

- Ad-hoc, unstructured sales approach limits AUM growth.
- Lack of data-driven strategy leads to missed profit opportunities.

Difficulties in Aligning Client Portfolios with Risk Profiles

- No systematic process to assess client risk tolerance & goals.
- Competing digital platforms offer advanced, personalized investment advice.

Data Collection

Data collection

- Primary Data Collection
 - Mutual funds transaction records
 - Quarterwise NAV data
 - Historical return of mutual funds
- Via Survey (through Unique Enterprise)
 - Risk assessment form
 - Printed copies
 - Google form

Analysis Methodology

Analysis

- New Investment, redemption and AUM trend
- Categorizing mutual funds into different risk categories
- Risk assessment of clients
- Finding current risk exposure of present portfolio of existing clients
- Fund performance ranking

Tools

- Spreadsheet
- Google Colab
- Libraries - Numpy, Pandas, Scikit-learn

Finding - New Investment, Redemption and AUM trend

New Investment trend finding

- Spike during Q1-2024 and Q3-2024.
- The business had organised targeted campaign in a corporate function and training college during that period.

Redemption trend finding

- Surge during Q3-2023 and Q1-2024
- Two high value investor had redeemed substantial amount during that period

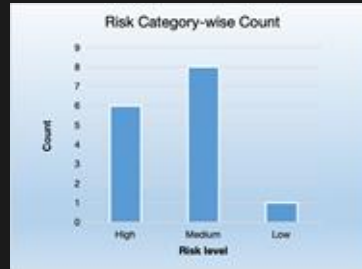

Findings- Risk assessment and categorization of clients

Current portfolio status

Top 10 performing funds - 1 year

- Mostly Moderate risk category
- Metal based funds
- Average returns 27%

Top 10 performing funds - 5 years

- All high risk funds
- Mostly small cap funds
- Average returns 38%

Recommendation

1

Conduct regular campaigns -
Campaigns at different helps significantly
in funds inflows.

2

Track high-value investors closely to
manage redemption risk.

3

Do risk assessment during new
investments for new clients and and
follow up with existing clients to ensure
accurate investment guidance.

4

Suggest low-risk funds for short-term
needs, high-risk funds for long-term
growth, and moderate-risk funds for
medium-term goals to give clients a good
balance of safety and returns

Thank you

With special thanks to Mr. Indrajit Mondal, owner of Unique Enterprise, for his kind support.
